SUMMARY

I have been attending the "Fullstack Web Development" course at Hicoders with my strong ambition and passion for coding. I am a person who is very open to change and development. I have a determined and ambitious character who does not give up easily. No matter what I do, I try to do my best. There is movement and excitement in my team, stagnation is not for me at all.

Analytical | Motivated | Fast Learner | Focused | Enthusiastic | Well-organized | Detail-oriented
